ECLRE Update- Julie Rand

- Completed meetings with 12 districts that had “good” ECLRE data. This also involved meetings with several special education cooperatives.
- Have now begun meetings with districts that have poor ECLRE scores. Most of these will take place at the beginning of January.
- Will then share out and provide a full update with both the SICC and Special Education Advisory Council.
- One of the first districts with poor ECLRE data turned out to be a data reporting error. Worked with KSDE to make these corrections and their ECLRE scores improved. Will share if this is a common theme with other districts once more interviews are completed.
- Plan to work with other nearby state’s Part B 619 coordinators to get feedback and suggestions.
